Honorable Members of the Delaware Public Service Commission

We ask that you stand fast on your decision to direct Delaware Power and Light to negotiate with Bluewater Wind for power from an offshore wind farm.

This will bring us the greatest long term system benefits in the most cost-effective manner.

In the interest of the tax paying public we ask that you deny Conectiv Energy Supply's petition for a rehearing and reconsideration of the Commission's decision.

Sincerely, Joan Deaver, Pres., Citizens for a Better Sussex - CBS
